THE STATE OF NEW HAMPSHIRE
HOLDERNESS TOWN WARRANT 1980

To the inhabitants of the Town of Holderness in the County of Grafton and State of New Hampshire qualified to vote in Town affairs;

You are hereby notified to meet at the Town House in said Holderness on Tuesday, the eleventh of March next, at ten o'clock in the forenoon, at which time the polls shall be opened and shall close not earlier than six o'clock in the afternoon, to act upon the following subjects, the second and subsequent articles to be acted upon commencing at seven thirty o'clock in the evening of the same day.

Article 1: To choose all Town officers.

Article 2: To accept the reports of all Town officers and committees.

Article 3: To see if the Town will vote to raise and appropriate the sum of three hundred and fifty (\$350.00) dollars to meet the requirements of RSA 442A in reference to the impoundment of dogs.

Article 4: To see if the Town will vote to raise and appropriate the sum of five hundred dollars (\$500.00) for the support of local hospitals.

Article 5: To see if the Town will vote to raise and appropriate the sum of two hundred forty four dollars and twenty three cents (\$244.23) to maintain and continue the system of services of the Inter-Lakes Day Care Center.

Article 6: To see if the Town will vote to raise and appropriate the sum of two hundred twenty dollars (\$220.00) to assist in Maintaining the services of the Upper Valley Senior Citizens Council.

Article 7: To see if the Town will vote to withdraw ten thousand dollars (\$10,000.00) and accrued interest from the Capital Reserve Account established by Article 10 in the 1978 Warrant and to apply said funds toward the purchase of a new truck for the Highway Department.

Article 8: To see if the Town will vote to authorize the Selectmen to accept from Daniel F. Ryder, Jr. and C.L.D. Inc. for use as Town Roads, a deed to the Town of two existing private ways, each 50 feet in width, known as Shingle Mill Lane and Trivett Lane, including the turnaround at the end thereof, as shown on a plan entitled "Heritage Hill Phase II, Holderness, N.H. Survey and Plan by Elwin E. Macomber and J. March, dated February 1973. Revision 1: April 1973. Revision 2: October 1973" and recorded in the Grafton County Registry of Deeds, Pocket 2, Folder 4, Plan 39. (By petition) This petition was presented at Town Meeting March 13, 1979, and was tabled for action at the 1980 Town Meeting. Copy on file in the Town offices.

Article 9: To see if the Town will vote to authorize the Selectmen to accept from 93 Realty, Inc., for use as a Town road, a deed to the Town of the existing private way, 50 feet in width, including the turnaround at the end thereof, as shown on a plan entitled "Proposed Subdivision Milford S. Morgan Farm, Holderness, N.H. Belonging to 93 Realty, Inc., Campton, N.H. Surveyed May 1971 by G.S. Hall, scale 1 inch = 100 feet" which plan is recorded in the Grafton County Registry of Deeds, Pocket 2, Folder 4 Plan 17. (By petition). This petition was also presented at Town meeting March 13,

1979, and was tabled for action at the 1980 Town Meeting. Copy on file in the Town Offices.

Article 10: To see if the Town will vote to authorize the Selectmen to accept from - Gladys Merrill, Halston Lenentine, Jr., and John McLeod for use as a Town road, deeds to the Town of the existing private way 50 feet in width, including the turn-around at the end thereof, as shown on a plan entitled "Plan of Roadway in Holderness, N.H. Belonging to G. Merrill, H. Lenentine Jr., J. McLeod et al." Compiled from surveys by Richard Dearborn which are recorded in the Grafton County Registry of Deeds. (By petition). Copy on file in the Town offices.

Article 11: To see if the Town will vote to authorize the Selectmen to have driveways sanded for persons incapacitated by reason of health or age. (By petition).

Article 12: To see if the Town will vote to authorize the withdrawal from the Revenue Sharing Fund established under the State and Local Assistance Act of 1972 for setoffs against budgeted appropriations for the following priority items indicated, or take any other action thereon:

APPROPRIATION	AMOUNT
Police Department	\$12,000.00
Fire Department	12,000.00
General Expense of Highway Department	12,000.00
Town Dump	12,000.00

Article 13: To see if the Town will vote to raise and appropriate the sum of sixty five thousand dollars (\$65,000.00) for the purchase of a Tank Truck for the Fire Department and determine whether such sum shall be raised by borrowing under the New Hampshire Municipal Finance Act or otherwise, and pass any vote relating thereto.

Article 14: To see if the Town will make any alterations in the amount of money required to be raised and appropriated for the ensuing year for the support of the Town, as recommended by the Budget Committee in its report.

Article 15: To see if the Town will vote to have the Appraisal Division of the Department of Revenue Administration conduct a complete revaluation starting in 1983 or thereafter as conditions warrant such action.

Article 16: To see if the Town will vote to authorize the Selectmen to borrow in anticipation of taxes.

Article 17: To see if the Town will authorize the Selectmen to administer, lease, sell, convey or otherwise dispose of any real estate acquired by the Town by any Tax Collector's deed in accordance with the provisions of RSA 80:42.

Article 18: To see if the Town will authorize the Selectmen to apply for, receive and expend federal or state grants, which may become available during the course of the year, and also to accept and expend money from any other governmental unit or private source to be used for purposes for which the Town may legally appropriate money; provided; (1) that such grants and other monies do not require the expenditure of other Town funds, (2) that a public hearing shall be held by the Selectmen prior to the receipt and expenditure of such grants and monies; and (3) that such items shall be exempt from all provisions of RSA 32 relative to limitation and expenditure of Town moneys, all as provided by RSA 31:95-b".

Article 19: To transact any other business that may legally come before the meeting.

Given under our hands this 18th day of February in the year of our Lord nineteen hundred and eighty.

Donald E. Dana, Chairman
Irving R. Marsh
Roger S. Gage

Article 2: To accept the reports of all Town officers and committees. Voted unanimously in the affirmative.

Article 3: To see if the Town will vote to raise and appropriate the sum of three hundred and fifty dollars to meet the requirements of RSA 442A in reference to the impoundment of dogs. Voted unanimously in the affirmative.

Article 4: To see if the Town will vote to raise and appropriate the sum of five hundred dollars (\$500.00) for the support of local hospitals. Voted unanimously in the affirmative.

Article 5: To see if the town will vote to raise and appropriate the sum of one hundred eighty six and 55/100 dollars (\$186.55) to maintain and continue the system of services of the Interlakes Day Care Center. Voted in the affirmative with some dissenting votes.

Article 6: To see if the Town will vote to authorize the expenditure of two hundred fifty two dollars (\$252.00) with accrued interest, to be used as a setoff against the budgeted appropriation for Town officer's expenses and to authorize the withdrawal of said sum from the Anti-Recession Funds. Voted unanimously in the affirmative.

Article 7: To see if the Town will vote to raise and appropriate the sum of two hundred dollars (\$200.00) to assist in maintaining the services of the Upper Valley Senior Citizens Council. Voted unanimously in the affirmative.

Article 8: To see if the Town will vote to return to the Federal Revenue Sharing Fund the sum of six hundred fifteen dollars (\$615.00) representing the unexpended balance of the appropriation made under Article 7 in the 1978 warrant for the purchase of a plow and sander. Voted unanimously in the affirmative.

Article 9: To see if the town will vote to authorize the withdrawal from the, Revenue Sharing Fund established under the State and Local Assistance Act of 1972, for setoff against budgeted appropriations for the following priority items indicated, or take any other action thereon:

Appropriation	Amount
Police Department	\$ 8,000.00
Fire Department	8,000.00
General Expense Highway Dept.	8,000.00

Article amended to omit the words "or take any other action thereon." Vote on amended motion was in the affirmative, unanimously.

Article 10: To see if the Town will vote to appropriate the sum of five thousand dollars (\$5,000.00) to be added to the Capital Reserve Fund established by Article 10 in the 1978 Warrant to finance the purchase of a new truck for the Highway Department and authorize the withdrawal of said sum for this purpose from the Revenue Sharing Fund.
Voted unanimously in the affirmative.

Article 11: To see if the Town will make any alterations in the amount of money required to be raised and appropriated for the ensuing year for the support of the Town, as recommended by the Budget Committee in its report. Voted in the affirmative with some dissenting votes.

Article 12: To see if the town will vote to authorize the Selectmen to convey real estate acquired by Tax Collector's deed to original owner for unpaid taxes, interest

and costs, including legal fees, notwithstanding the provisions of RSA 80:4211 and in accordance with the provisions of RSA 80:421. Voted in the affirmative unanimously.

Article 13: To see if the Town will vote to provide Workmen's Compensation coverage for eligible employees by participating in the New Hampshire Municipal Association Self-funded Workmen's Compensation Program, commencing April 1, 1979 and to authorize the Selectmen to take such action in furtherance of this vote as may be necessary. Voted in the affirmative unanimously.

Article 14: To see if the Town will vote to authorize the Selectmen to accept from Daniel F. Ryder Jr and Glen T. Kiedaisch for use as Town roads, a deed to the Town of two existing private ways, each 50 feet in width, known as Shingle Mill Lane and Trivett Lane (including the turnaround at the end thereof) as shown on a plan entitled "Heritage Hill Phase II Holderness N.H. Survey and Plan by Elwin E. Macomber and J. March dated February 1973 Revision 1: April 1973 Revision 2, October 1973." and recorded in the Grafton County Registry of Deeds, Pocket 3, Folder 4, Plan 39 (By petition). Article was tabled until town meeting in 1980.

Article 15: To see if the Town will vote to authorize the Selectmen to accept from 93 Realty, Inc. for use as a Town road, a deed to the Town of the existing private way, 50 feet in width, including the turnaround at the end thereof, as shown on a plan entitled "Proposed Subdivision Milford S. Morgan Farm, Holderness, N.H. belonging to 93 Realty, Inc., Campton N.H. Surveyed May 1971 by S.G. Hall scale 1 inch = 100 feet ... "which plan is recorded in the Grafton County Registry of Deeds, Pocket 2, Folder 4, Plan 17 (By petition). Article was tabled until Town meeting 1980.

Article 16: To see if the Town will vote to increase the number of Library Trustees from three to six. One additional member to be elected for one year, one additional member to be elected for two years and one additional member to be elected for three years (By petition). Voice vote was in the affirmative with some dissenting votes.

Article 17: To see if the Town will vote to authorize the Selectmen to accept local donations of \$1,142.50 as matching funds for a grant of equal amount from the Highway Safety Agency for the purchase of radar equipment for the Police Department Voted in the affirmative with dissenting votes.

Article 18: To see if the Town will authorize the Selectmen to borrow in anticipation of taxes. Voted in the affirmative unanimously.

Article 19: To see if the Town will authorize the Selectmen to administer, lease, sell, convey or otherwise dispose of any real estate acquired by the Town by any Tax Collector's deed in accordance with the provisions of RSA 80:42. Voted in the affirmative unanimously.

Article 20: To see if the Town will authorize the Selectmen to accept grants from the State of New Hampshire or the United States Federal Government. Voted in the affirmative unanimously.

Article 21: To transact any other business that may legally come before the meeting. Comment was made by Mr. Lowies to use the old post office rather than replace it. Mrs. Phyllis Smith requested that the Town sand the driveways of elderly citizens over seventy years of age if needed and so desired. The moderator declared such a motion could not be entertained at this time. Motion to adjourn made by Mr Taylor. Seconded by Mr. Thompson. Voice vote was unanimous in the affirmative

**REPORT OF MUNICIPAL SERVICES DIVISION
DEPARTMENT OF REVENUE ADMINISTRATION**

**STATE OF NEW HAMPSHIRE
DEPARTMENT OF REVENUE ADMINISTRATION
61 South Spring Street PO Box 457
Concord, 03301**

Lloyd M. Price
Commissioner

Municipal Services Division
Frederick E. LaPlante
Director
Lorraine F. Racette
Assistant Director

February 12, 1980

Donald E. Dana, Chairman
Board of Selectmen
PO Box 15
Holderness, NH 03245

Dear Mr. Dana:

This communication is intended to serve as a status report on the examination made by this division of the accounts and records of the Town of Holderness.

The audit fieldwork is currently underway. We do not expect to be able to submit a report of this audit prior to the publication of the 1979 Annual Report.

We regret the inconvenience which this may cause. However, we fully expect that our report will be finalized and forwarded to your office in the very near future.

Very truly yours,
Robert L. Vachon, CPA
Assistant to the Commissioner
Municipal Affairs

RLV:jad

DUE TO THE ABOVE IT WILL BE IMPOSSIBLE TO INCLUDE THE AUDIT IN THE TOWN REPORT. THE AUDIT WILL BE AVAILABLE TO THE PUBLIC IN THE TOWN CLERK'S OFFICE WHEN IT IS RECEIVED BY THE SELECTMEN.

ANNUAL REPORT OF THE HOLDERNESS FREE LIBRARY

First off we wish to say it was a great loss to lose our beloved librarian, Arline MacDonald. She was a great asset to the library. A record player for the use of the children, has been given to the library in her memory, thanks to private donations from friends who have enjoyed using the library.

While we were without help, volunteers filled in. Now we have a new librarian, Mrs. Mary De Lashmit, and an assistant, Donna Nistler, who helps out on Saturdays.

Perhaps you have noticed our new sign, courtesy of Frank Webster. There have been many changes in the appearance of the inside of the library, which we hope meets with your approval.

There has been an increase of 100% in people using the library over last year.

Do come in and enjoy!

Respectfully submitted,
Helen A. Taylor, secretary

REPORT OF THE SELECTMEN

At the outset, we, in the name of the Town, wish to voice our appreciation to the members of the Mt. Livermore Chapter of the Grange for refurbishing the interior of the Town Hall and also for the thoughtful gift of the flag, standard and stand that now grace the conference room. Both were welcome and timely donations.

It was, to our regret, that we received the resignation of John Putnam as Selectman. He served the Town with dedication when it was suffering growing pains - the new Town Office construction and revaluation of the Town as well as the successful solution to our solid waste problem.

Since last August selectmen from towns adjacent to Squam Lakes (Ashland, Center Harbor, Holderness, Moultonboro and Sandwich) have been meeting informally to discuss mutual problems common to proximity to the lakes as well as other matters relating to town government and management. Members of planning boards and conservation commissions have been encouraged to attend these monthly meetings.

We take this opportunity to advise potential home builders or home owners considering substantial alterations that under RSA 460:155D recently enacted, since Holderness has no building code or building inspector, it shall be the responsibility of the general contractor or owner-builder to submit plans and specifications for all proposed construction to the Governor's Council on Energy for review and approval, if found to be in conformity with the N.H. Energy Code.

Final determination of the 100 year base flood elevation has been made and it will be necessary to hold a special town meeting later in the year to vote on the final phase of the Federal Flood Insurance Program.

We would be remiss were we not to express our appreciation to all the Town officers, committee members, department heads and employees for their cooperation and dedication in conducting the routine business of the Town which, each year, becomes more difficult and demanding.

Donald E. Dana, Chairman
 Irving R. Marsh
 Roger S. Gage
 Holderness Board of Selectmen

HOLDERNESS FREE LIBRARY

REPORT OF LIBRARIAN

Books loaned out:	
Adult Fiction:	1,974
Adult NF:	963
Child Fiction:	1,286
Child NF:	299
Periodicals:	359
Total:	4,881 Circulation

Books on hand: approximately 5,000

Books on loan from Bookmobile: 2,023

New Library members: 110

Library Hours: Wednesdays and Saturdays 10 a.m. to 6 p.m.

In October I assumed the responsibilities of librarian from Van Dana, our Trustee Treasurer, who did a marvelous job as acting librarian during the interim. There was a very successful children's arts & crafts program, as well as a reading program this summer. We had two successful Christmas crafts days as well, and a Christmas story hour that was fun. We look forward to having more events in the new year, as well as more special displays of books of interest. Our current displays are: The Arabs in World Affairs, Egypt & the Pyramids, Castles & Knights, and other subjects. We have also expanded and improved our facilities this year - Come by and see us!

Mary DeLashmit
 Librarian

REPORT OF HOLDERNESS POLICE DEPARTMENT

The Holderness Police Department had a moderately active year in 1979. Unfortunately it was marred by five accidental deaths. Included was our first highway fatality in almost five years, a fatal fire and a tragic skating accident on Big Squam Lake.

The Special Force was increased by the hiring of Brian Thibeault, George Faran, and Thomas O'Donnell. All three officers are also EMT's and are an asset to the Department. Both Brian Thibeault and Elizabeth Gehling successfully completed the Part Time Officers Course held in Plymouth.

Within the Department Sgt. Zampieri attended the First Line Supervision Course and the Crime Prevention School. Officer Cheney attended the Police Prosecutors School and Advanced Accident Investigation School. Both these officers are also taking correspondence courses. All these are offered by the N.H. Police Standards and Training Council. Our Department is also working towards training of the special officers, because soon they will have to be certified within the state themselves.

The big event of the year within the Department was the winning of the N.H. 4-Man Police Pistol Championship held in Hooksett. Special Officer Gary Mack led a team comprised of himself, Off. Cheney, Spec. Off. Faran and Spec. Off. O'Donnell, in their first competition shoot ever. With outstanding and balanced shooting they captured first place bringing home the N.H. Sheriff Association Trophy and other prizes. This was a two day shoot and involved teams from departments from all over the state. We in the Department and citizens of the town can be proud of their accomplishment.

The following are several tips on crime prevention. Remember-Don't give a criminal a chance!

1. Make sure doors are sturdy
2. Augment the door's security with a dead bolt
3. Use timers on lights and radios if your going out for a while
4. Do not put alarm systems out where they can be seen
5. When landscaping, do not plant large shrubbery around windows and doors. It might look nice but it affords the criminal element a place to hide.

We again take this opportunity to remind all to drive safely during the coming year. And we wish all a very happy and safe 1980.

Respectfully Submitted,
Richard J. Gagne, Chief
Holderness Police Department

FIFTY-SEVENTH ANNUAL REPORT OF THE HOLDERNESS FIRE DEPARTMENT

Nineteen hundred and seventy-nine was a year Holderness firemen would like very much to forget. It was not a good year.

Mona Avery perished in her Rt. 175 home on January 18 as the town recorded its first fire-related fatality since August 14, 1937 when Ernest H. Smith went back into the burning barn at the Charles Cox farm on Shepard Hill and did not come out. The worst fire fatalities in the town's history were on March 22, 1931 when seven members of the Lewis and Stella Avery family perished in their River Street home. One of the survivors of that memorable blaze was Tom Avery who, on May 5, 1979, had a passerby with CB radio call in that his home on Rt. 175, was ablaze. He escaped a second time!

Firemen were also called to an overturned automobile on Rt. 113 near the Sandwich Town Line on April 5. Annette Blondeau of North Sandwich was the town's first automobile fatality since November 1, 1974.

One month later to the day two separate fires were reported, both involving dwellings "fully involved" in flames as firemen arrived. One was Tom Avery's, the other involved the old Greenleaf homestead on Perch Pond Road. At Avery's, firemen saved the main portion. But the Greenleaf Farm was too far gone when fire-fighting personnel and equipment arrived.

The worst forest fire in the town's long history was discovered on the southerly slopes of West Rattlesnake Mountain on May 9 and burned through the night into the next day consuming 60 acres of forestland. Three days later firemen with backtanks were still routing out sparks from under fallen trees and around burned out stumps.

A lightning strike on Beede Road suddenly entered the home of Alex Ray (old Rev. Stone place) on June 15 causing the family room to burst into flames. A backyard swimming pool saved the home from more extensive damage providing enough water to keep the fire from engulfing the restored residence. Residents up and down the road found how important it is to have just one well-known name for a road. As neighboring towns arrived to assist, all sorts of names were given to Beede Road causing confusion to those not familiar with Holderness.

On June 25 came another forest fire. This was considerably smaller but was on an island on White Oak Pond.

Twice in two days the Department responded to the same location in Ashland.

In 1979 Holderness recorded its first bomb scare; August 20 off the East Holderness Road. It was a hoax.

Then, an already bad year took an even worse turn on December 30 when three skaters were lost through the ice just west of Merrill Island on Squam Lake. Firemen arrived at a large hole in the ice too late to save Vlastimil and daughter Lenka Zak, of Plymouth, and Zbynet Dvoracek of Waterloo, Ontario.

Of the 40 calls for assistance in 1979, three resulted in 5 fatalities. Thirty-six percent of all structure fires were as the result of chimney fires, up 11% over a year ago. Again it's those woodburning stoves, fireplaces and the resulting creosote build-up in flues!

Mutual Aid runs to other towns made up 18% of all calls. We used Mutual Aid for 10% of our calls.

From the computerized records at Lakes Region Mutual Fire Aid headquarters in Laconia, our average 1979 response time turns out to be 2.4 minutes* , an increase of only a few seconds over 1978. Our average arrival time ** was 5.7 minutes, way down from 9.17 in 1978. Averages for the entire Mutual Aid system are 2.5 and 5.1 minutes respectively taking into account the full time staff situations in some fire departments.

Respectfully Submitted,
Tink Taylor, Clerk

* the time from sounding the alarm until firemen leave the station in response

** the time needed for arrival at the scene - includes runs out of town as well.

HOLDERNESS FIRE DEPARTMENT — CALLS FOR HELP **[November 18, 1978 to December 31, 1979]**

November (1978)

- 18 McCrillis Hill Rd, limbs on powerline
- 18 Peter Hiam, Camp Paugus Rd., fire alarm malfunction
- 19 Mutual Aid, Meredith, cover truck
- 22 Paul Anderson, Mt. Prospect, chimney fire
- 30 Mutual Aid, Waterville Valley, Fourways Restaurant
(the above calls were inadvertently omitted from last year's report)

December

- 6 Landers Trailer, Livermore Park, fire caused by heat tape
- 10 Holderness School, fire in incinerator, neighbor reported
- 26 Mutual Aid, Tilton, cover truck
- 28 Medical Emergency, Dorothy Huckins, inhalator

January (1979)

- 5 Amelia Howe, Howe Rd., Chimney fire

18	Mona Avery, Rt. 175, structure fire-fatality
20	Del & Nina Taylor, trailer, sofa fire
23	Frank Webster homestead, ruptured waterpipe, pumped basement
February	
16	Mutual Aid, Weirs Beach (did not have to respond)
24	Mutual Aid, Ashland
March	
10	Robert Howe, Howe Rd., rubbish fire, neighbor reported
11	Mutual Aid, Ashland
26	False Alarm
April	
5	Annette Blondeau, N. Sandwich, overturned auto-fatality
24	Mobil Station, Intervale, grass fire caused by torch
May	
5	Tom Avery, Rt. 175, structure, called full Mutual Aid
5	Walt Greenleaf Homestead, Perch Pond Rd., structure, full MA
5	West Wind Cottages, grass fire, Red Hill Lookout reported
7	Robert Ayers, Rt. 175, smoke investigation, transformer
9	West Rattlesnake Mt., forest fire, approx. 60 acres
10	West Rattlesnake Mt., Forest fire, approx. 60 acres
23	Knud and Mary Neilson, Rt. 3, chimney fire
June	
15	Alex Ray, Beebe Road, lightning strike, structure, MA
22	Heritage Hill, forest fire caused by children
25	Rockywold-Deephaven, grass fire
25	Island, White Oak Pond, woodfire, Red Hill Lookout reported
July	
4	Mutual Aid, Ashland, Cold Spring, faulty flue
6	Mutual Aid, Ashland, Cold Spring, grass fire
22	Reginald DeWitt, Little Squam Lake, smoke investigation
22	Medical Emergency, Little Squam, boat collision
August	
20	Kevin Barlow, Jr., East Holderness Rd., bomb scare
28	Mark Winkler, Mt. Prospect Rd., carpet fire-floor furnace
September	
6	Rockywold-Deephaven, McCrillis Rd., wires down-fire resulting
12	Rockywold-Deephaven, fire in clothes dryer
October	
5	Ken Powderly, Rt. 3, truck fire caused by faulty exhaust
10	Gertrude Elsner, Perch Pond Rd., Chimney fire
11	Fire Safety Demonstration - Central School
22	Michael Linardi, Cuxboro Rd at White Oak Pond, capsized canoe
28	Esther & Herbert Horstmann, partition fire-woodstove, smoke detector
31	Daryl Smith, Cotton Cove, chimney fire
November	
6	George Ray, Meadowbrook Dev., Rt. 175, chimney fire

6 Mutual Aid, Ashland

December

- 28 Medical Emergency, Elmer Smith Rt. 113 (did not have to respond)
- 30 Rescue Call, skaters off Merrill Island, Squam Lake, 3 drowned

ANNUAL REPORT OF OVERSEER OF WELFARE

Under present welfare guide lines applicants must sign prepared forms attesting to their need. Those considered eligible receive one or two food orders until some arrangement is made for self support. During the year twelve families were interviewed.

Respectfully submitted,
Laura Heath
Overseer of Welfare

ANNUAL REPORT OF HOLDERNESS PLANNING BOARD

During the year 1979 - 22 subdivisions were submitted to the Planning Board for consideration and approval, 19 of these were approved. One was conditionally approved, pending completion of the road to meet town construction requirements. For one subdivision, the lots of which were partially in Ashland, no action is to be taken until approval of that section of the Subdivision located in Ashland. One subdivision is to be reconsidered at a future date when the boundary line dispute is settled amicably.

During the year 1979 the Planning Board held a total of 22 meetings. Of this total 12 were regular monthly meetings for consideration of submitted subdivisions, one was a special meeting regarding the Post Office Subdivision, 7 meetings were devoted to the Master Plan, and 2 meetings were conferences with officials of the Federal Flood Insurance Program.

The Holderness Planning Board is currently involved in formulating a Master Plan for the Town. This procedure is mandated by State Statute, and recent court decisions indicate that this should be a priority undertaking. What is Master Planning? It is a process that citizens use to take stock of their town, to determine what their needs are, and decide what kind of place they desire their Town to be. This is especially true as regards growth, the prevention of pollution of its land and water, and protection and preservation of its natural resources.

The initial step in formulating this Master Plan is the Community Survey questionnaire, which is now nearing completion. The Planning Board thanks all of those who aided in this project. Results to date indicate about a 63% return, and they are in the process of being analyzed and computed at the Lakes Region Planning Commission.

The next step is the formation of Committees to carry on the additional various aspects of this Master Plan. The Planning Board will be calling on you for continued citizen participation for help in gathering the necessary information. The work program will include the following: Land Use Mapping, Population and Housing,

Community Facilities, Economic Base Study, and Transportation. If your interest lies in one of these areas, help your Town by volunteering your knowledge and services.

The National Flood Insurance Program has now completed it's detailed Flood Insurance Rate Study, and now local regulations for construction within the 100 year Flood Plain will be required in order for our Town to continue participation in this program. Preparation of an Ordinance to meet the Federal requirements has not been possible in time to meet the deadline of the March 11th, 1979 Town Meeting. However, this matter will be brought before the Townspeople in the very near future, to continue Holderness' participation in the Federal Flood Insurance Program.

The Board regrets Capt. Weldron's resignation for health reasons, and thanks him for his service on the Board. It welcomes Harrison Sargent as the new member.

The Lakes Region Planning Commission, of which Holderness is a member, is composed of representatives from 32 Towns in the Lakes Region. The Chairman of the Planning Board is the representative to the Commission from Holderness, and has attended each of the eleven monthly meetings, which are held on the evening of the 4th Monday of each month, except December.

Dr. Staples was elected a member of the Commission's Executive Committee at the Annual Meeting on July 23rd. This Committee holds a middle of the day meetings (11:30 a.m. to 2 p.m.) on the 2nd Monday of each month, and your representative from Holderness has attended each of these meetings.

The Lakes Region Planning Commission is a very valuable asset to the Region. It received and utilizes numerous state and Federal Grants for projects of a regional nature, such as water quality surveys, housing elements, mapping, health measure plans, transportation, and legislation, all of which are of benefit to the individual towns. The Commission is a storehouse of knowledge and information, assisting it's member towns with advise and material aid with many of their individual problem situations. Holderness is grateful to the Commission for their printing of our Sub-division Regulations Booklets, and the Community Survey Questionnaires, which are the first step in the Master Plan process.

The Lakes Region Planning Commission, in collaboration with the N.H. Municipal Assoc. and the N.H. Bar Association sponsored it's Annual 4 evening law Seminar with a different prominent attorney covering a different subject at each session. The discussions involved certain planning procedures, state and regional laws and regulations, certain current court decisions, and various problem situation confronting certain towns and cities as related by members in the audience. The Planning Board Chairman attended each of these sessions and Harrison Sargent, the new Board member attended the 4th session.

Recent legislation now demands additional certified letter notification of abutters of subdivisions, at agenda sessions as well as Public Hearings, entailing much additional expense and clerical work for the Planning Board.

This year the Planning Board **underspent** it's Budget Appropriation by \$314.36, and **turned back** to the Town's General Fund as income the amount of \$545.50, the total amount received from subdividers for application for subdivision fees and payment (from subdividers) of agenda and public hearing expense, thus reducing the actual planning expense to the Town. A complete list of Planning Board expenses appears elsewhere in this Town Report.

Members of the Planning Board are:
Milton Huckins
Peter Hendel
Harrison Sargent
Jon Bourne

Frances Ayer, Secretary-Treasurer
Lawrence M. Staples, D.M.D., Chairman
Donald Dana, Selectman Representative

Respectfully Submitted,
Lawrence M. Staples, D.M.D.
Chairman

REPORT FROM THE PEMI-BAKER HOME HEALTH AGENCY

The Agency continues to provide much needed health care to communities in this area. In addition to our other services we now have a Physical Therapist who makes home visits. In 1979 the following care was delivered to Holderness residents:

Skilled Nursing visits	139
Home Health Aide hours	86
Homemaker Aide hours	454
Physical Therapy visits	57

Blood pressure clinics are held the first Thursday in each month in Ashland. Last year there were 419 Holderness clients and 52 referrals to physicians. Diabetic clinics had 24 Holderness clients with 4 referrals to physicians.

Immunization Clinics are held bi-monthly on the second Wednesday of the month at the Legion Hall in Plymouth.

Another service of the Agency is an equipment lend-out closet containing equipment which has been donated. Hospital beds, walkers, commodes, canes, crutches and other health aids are loaned free of charge as long as patients need them.

Respectfully submitted,
Eleanor Wolf
Holderness Representative to
Pemi-Baker Home Health Agency Board of Directors

HEALTH OFFICER'S REPORT - 1979

In the past year thirteen (13) permits were issued for construction of septic systems and approximately twenty (20) calls received pertaining to health matters.

Before construction of any building requiring a septic system an approval for such system is required from the state.

Again - people must be reminded that permits are required to construct or repair any septic system.

In response to inquiries made concerning water analysis, please be advised that there is a fee required for water analyzed by the N.H. Water Supply and Pollution Control.

Russell R. Moren
Health Officer

**REPORT OF HOLDERNESS PARK BOARD
1979**

Prior to opening of the beach on July 1, 1979, Boy Scout Troop #70 and Cub Scout pack #70, and Brownies assisted the Holderness Park Board, by mowing grass, and cleaning the beach area. Life lines and the raft were placed at this time. The Life lines needed new rope which was also replaced in 1979. Mr. Lyle Thompson and his crew again hauled two more loads of beach sand, and removed the tree limbs, pine needles and grass that was raked up by the Boy Scouts. Paul Needham again assisted in connecting the water lines and associated toilet facilities.

Swimming Instructions were available at the beach in 1979. Several classes were instructed by the Life Guard.

Improvements included the installation of wash basin in the rest rooms. (A state health requirement in all public parks) Replacement of rope on life lines as mentioned previously. Also new planks have been purchased for the raft, the present planks have deteriorated to the point where they are no longer safe. The planks are stored at the town shed in the rear of the Town Hall. The planks should be replaced before using the raft in 1980.

A total of \$720.00 was turned into the selectmen from the sale of beach tickets.

This Committee has enjoyed serving the community for the past three years. At this time we wish to express our appreciation for all the assistance, you the people of the community gave to us.

Respectfully Submitted,
Sue Gehling - Chairman
Ken Hawkins
Roger Gage

**TWELFTH ANNUAL REPORT OF THE
CONSERVATION COMMISSION**

Your Commission ended 1979 with a complement of five members. The year included a review of 10 wetland/dredge-and-fill construction applications, an investigation of 1 request for current use tax assessment, working with the School Board in pursuing energy conservation measures, attendance at 6 Squam Watershed-selectmen's meetings and assistance to the Planning Board in administering the questionnaire phase of our town's new Master Plan.

After almost 100 years, Holderness has re-entered the era of windpower with the November 9th installation of a 1750 kilowatt Enertech wind dynamo on the south shore of Squam Lake. The town already has its first solar home and the use of fuelwood to replace fossil fuels is becoming commonplace as energy costs escalate. Energy conservation is crucial which necessitates a return to more natural systems.

A new state law, effective last August 24th, requires that the state Wetlands Board defer for 10 days any final decision to allow or disallow a wetland to be filled in or dredged until it has heard from the community where the work is proposed. This is to allow time for local sentiments to be expressed.

If the hometown community wants to have a say in the state's decision-making, its conservation commission may require the Wetlands Board to wait for up to 30 days, during which time a local investigation and/or public review may be conducted.

Your Commission invoked this "home rule" provision once in 1979 after visiting, on July 31st, the site of a proposed development adjacent to Lamb Swamp on White Oak Pond. This 133.3-acre wetland is classified by the Holderness Wetlands Inventory as having "... very poorly drained" soils and is one of the town's most critical wetland areas. At year's end the state had not yet made a decision on whether to allow intrusion.

Other applications to alter wetlands in 1979 included 2 proposals to improve beaches, replacement of the dam at White Oak Pond, the repair of culverts by the town, construction of a wharf and laying a power cable to an island.

On 4 occasions a member of the Commission met with School Board members or Central School administrators in an effort to coordinate energy-conservation efforts with the Governor's Council on Energy in Concord. At year's end, the Board was in the process of qualifying for federal matching energy-conservation funds to make the school less wasteful of energy.

Representatives of the 5 communities which make up the Squam Watershed - mostly selectmen - have been meeting monthly since July 17 to discuss such things as current use tax assessment, costs of borrowing money, wetlands and septic tank regulations, contaminated road oil, police coordination and a variety of other topics. One of the most important accomplishments to emerge from these joint meetings was a warning from Sandwich selectman about the possible contamination of road oil purchased by our town to keep dust down. It seems as though Sandwich got a bad load with carbon tetrachloride, ethyl benzene and toluene added. They had to close their town beach and condemn 3 private wells. The Attorney General brought suit against Beede Waste Oil in Plaistow, N.H. Fortunately Holderness, who also bought from this firm, got a "clean" load which was determined after this Commission had samples tested as taken from Beebe and Perch Pond Roads on August 10th.

Liability insurance on the Town Forest has finally made it possible for the Commission to allow the limited cutting of firewood by residents and taxpayers for their own private use. Contact the Commission for information.

Finally, in the years which lie ahead, Holderness will not be able to sidestep the imminent questions associated with its growth. The Master Plan is one very crucial aspect of being ready for growth. We support the town's Planning Board in its efforts to determine, by questionnaire, what our people want this community to be in the future.

Respectfully submitted,
Derwood Corbett
Kent Smith
Bart Nourse
Buzzie Currier
Tink Taylor, Chairman

REPORT OF TOWN HALL COMMITTEE

Improvements at the Town Hall this past year consisted of the interior of the main hall being painted by Kent Smith and his crew with the cost having been paid by the Mount Livermore Grange, except for the hallway leading to the offices downstairs which the Town financed.

The steps and railings leading to the Town offices were cuprinoled, and the flashing to the chimney repaired.

At the time the Town Hall was jacked up to make room for the offices, damage was done to the chimney. We suggest that money be appropriated to have the chimney repaired.

In the near future, the exterior of the Town Hall will need painting. Although the initial cost would be more, it might be advisable for the townsfolk to make a decision on painting vs. vinyl or aluminum siding of which the latter would eliminate any further upkeep of the exterior.

If there are any suggestions as to how the operation and appearance of your Town Hall can be improved, please contact any member of this Committee.

Respectfully submitted,
Paul M. Needham, Chairman
Kent Smith
Patricia Ford

REPORT OF COUNTY COMMISSIONERS

To the Citizens of Grafton County:

In an effort to communicate more directly with the taxpaying citizens of Grafton County, we, the Grafton County Commissioners, are writing to you through your individual town or municipal reports.

Last year (1978-79) the total county tax raised was \$1,977,142. These monies were appropriated by the County Delegation and administered by the Commissioners. Some of the ways this money was spent was in maintenance of our courthouse, nursing home, county farm, sheriff's department, jail and house of correction, social welfare, etc.

The average number of patients in our nursing home is 140. The average daily census of the Jail/ House of Correction is 25. We had a total of 349 inmates in the jail and 114 inmates in the House of Correction during our fiscal year.

In addition to providing food for the nursing home complex and agricultural services for the community, the farm also continually shows a profit. In our fiscal year 1979 the farm profit was \$60,654, due in part to sales of pigs at \$5,500, cows at \$27,000, wood at \$1,800, hay at \$2,100, milk at \$135,444 and produce at \$48,129.

We have completed Phase II-Design of the sewage project and anticipate beginning construction under Phase III in the spring. The total overall cost of the project is approximately \$540,000, of which \$400,000 is federal grant, \$110,000 State share and \$30,000 County share.

We are making an effort to conserve energy, particularly in the courthouse building, and are taking a hard look at any modifications in this so called "modern" facility that will make it a less expensive consumer of fuel.

A trial dispatching service was instituted for 16 area fire departments and probably will be made a permanent function during the latter part of 1979. A yearly fee is charged for this service.

Grafton County employs 230 people of whom we are very proud. It is because of these people that Grafton County continues to operate efficiently and within budget.

There are many other concerns that we, the Commissioners, deal with. We invite the citizens of Grafton County to take part in any of our regular meetings held each Monday morning at the courthouse in North Haverhill.

Richard L. Bradley, Chairman
Dorothy Campion, Clerk

Arthur Snell
Grafton County Commissioners

CIVIL DEFENSE REPORT

In 1979 the town had high water in January and March. The Ice jam did not cause any damage in January but did in March, which caused some businesses of Holderness to move out of the immediate area.

Earl Hansen and I attended a Basic Seminar at the Howard Johnson's Motor Inn in Manchester, N.H.

I met with Concord C-D to work on the FY80 report.

Gary A. Mack
Civil Defense Director

HOLDERNESS SCHOOL DISTRICT MEETING APRIL 5, 1979

The meeting of the Holderness School District was called to order at 7:30 by moderator, George Ray. About 100 people were present and board members: Mr. Cirincione, Mrs. Heyman, Mrs. Mastro, Principal Mr. Eames.

The following business was transacted:

Mr. Taylor moved, Mr. Cirincione seconded

ARTICLE I: I move to accept the reports of agents, auditors, committees or officers chosen that appear in the town report. The auditors report was not included.

The vote was unanimous.

Mr. Cirincione moved, Mr. Eames seconded:

ARTICLE II: I move that the District vote to establish a contingency fund in accordance with the Revised Statutes Annotated 198:4-b such a fund to meet the cost of unanticipated expenses that may arise during the year, and further, that the District appropriate the sum of \$1,000 for this purpose.

Mr. Cirincione explained that the fund was needed because of the possibility that transportation and fuel costs may be higher.

The vote was unanimous.

Mr. Cirincione moved and Mr. Eames seconded.

ARTICLE III: I move that the district raise and appropriate the sum of \$5,625 for the purpose of funding a deficit appropriation of the fiscal year ending June 30, 1979.

Mr. Cirincione explained that the amount was paid out by the board budget last year, even though the revenue Administration removed it from last years budget. It is a deficit figure on the books.

The vote was in the affirmative with one dissenting vote.

Mrs. Staples moved and Mr. Taylor, Sr. seconded.

ARTICLE IV: I move that the district vote to authorize the School Board to make application for, accept, and expend on behalf of the District, any and all grants of offers or other funds for educational purposes, which may now or hereafter be forth coming from any Federal, State, local governmental or private agencies.

Mr. Cirincione cleared up townspeople's questions on CETA funds, used for the transition teacher.

The vote was in the affirmative with one dissenting vote.

Mr. Cirincione moved, Mr. Eames seconded:

ARTICLE V: I move that the District raise and appropriate \$548,882 for the support of schools, for the salaries of school district officials, employees and agents, and for the payment of statutory obligations of the District.

Mr. Cirincione explained that \$11,381 was put in without the budget committee's recommendation: \$6,503 salary for Kindergarten teacher to become full time, to teach transition in the afternoon; \$2,593 salary for the speech therapist to come a second day per week; \$1,447 materials and visual aids; \$838 coaches' salary.

Mrs. Ayer moved and Mrs. Hanaford seconded that the amounts should be \$537,501.

There was much discussion about the transition program. Many felt that the \$11,381 cut, amounting to 2 + % of the total budget could be lived with by the board, especially since the budget committee had not recommended it.

The vote was 59 yes, 33 no.

Mr. Fabian moved and Mr. Eames seconded that the amount should be \$554,004, representing the transition cost put back in. The vote was 34 yes, 56 no.

The vote on the approved amount was in the affirmative.

ARTICLE VI: To transact such other business which may legally come before the meeting.

Mr. Flint asked for a consensus to have the school meeting changed to the Tuesday; Wednesday, or Thursday before town meeting if feasible. Most people were in favor.

The meeting was adjourned at 9:45

Respectfully submitted,
Georgene W. Fabian

THE STATE OF NEW HAMPSHIRE

To the inhabitants of the School District of Holderness qualified to vote in district affairs:

You are hereby notified to meet at the Holderness Town Hall in said district on the eleventh day of March, 1980, at 10:00 o'clock in the forenoon to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing two years.
4. To choose a Member of the School Board for the ensuing three years.
5. To choose a Treasurer for the ensuing year.

Given under our hands at said Holderness this 25th day of February, 1980.

THE STATE OF NEW HAMPSHIRE

To the inhabitants of the School District in the Town of Holderness, County of Grafton and State of New Hampshire, qualified to vote in District Affairs.

You are hereby notified to meet at the Holderness Central School in said District on Tuesday, the eighteenth day of March, 1980 at 7:30 o'clock of said day to act upon the following subjects:

Article 1: To hear the reports of agents, auditors, committees or officers chosen and to pass any vote relative thereto.

Article 2: To see if the District will vote to raise and appropriate a supplemental appropriation in the amount of \$22,000 to be expended solely for the purpose of payment of the expenses of handicapped children.

Article 3: To see if the District will vote to establish a contingency fund in accordance with Revised Statutes Annotated 198:4-b such a contingency fund to meet the cost of unanticipated expenses that may arise during the year and, further, to see if the District will appropriate the sum of \$1,000 for this purpose.

Article 4: To see if the District will vote to authorize the School Board to make application for, accept, and expend on behalf of the District, any and all grants or offers or other funds for educational purposes, which may now or hereafter be forthcoming from any Federal, State, local governmental or private agencies.

Article 5: To see what sum of money the District will vote to raise and appropriate for the support of schools, for the salaries of school district officials, employees and agents and for the payment of statutory obligations of the District.

Article 6: To transact such other business which may legally come before said meeting.

Given under our hands and seals this 26th day of February, in the year of our Lord nineteen hundred and eighty.

SUMMARY OF FINDINGS AND RECOMMENDATIONS

The School Board
Holderness School District
Holderness, New Hampshire 03245

Members of the Board:

Submitted herewith is the report of an examination of the accounts of the Holderness School District for the year ended June 30, 1978, which was made by this Division in accordance with the vote of the District.

One of the enclosed audits must be given to the School District Clerk for retention as part of the School District's permanent records.

FINANCIAL STATEMENTS

Analysis of Change in Fund Balance: [Exhibit A-2]

On a budgetary basis the change in Fund Balance is summarized as follows:

Revenues in Excess of Estimates	\$ 7,807
Net Overdraft of Appropriations	(9,025)
July 1, 1977 Fund Balance Used to Reduce School Tax	(33,621)
	<hr/>
Decrease in Fund Balance	(\$34,839)

GENERAL COMMENTS

Application of Municipal Budget Law:

Overdraft of Appropriations: There were net overdrafts of School District budgetary appropriations of \$9,025 as of June 30, 1978.

Inasmuch as the Holderness School District operates under the provisions of the Municipal Budget Law (Chapter 32 of the Revised Statutes Annotated), the School Board with the written approval of a majority of the Budget Committee, should have made application to the Commissioner of Education for a certificate of emergency, authorizing expenditures in excess of budgetary appropriations. The Board failed to - take such action and expenditures in excess of those authorized by the voters of the District at the annual meeting were improper, resulting in a violation of Section 10 of the Municipal Budget Law.

It should be noted that the School District received \$7,636 in additional revenues which were not included in the budget, giving rise to a net charge to the Fund Balance of \$1,389.

Failure to Budget All Funds:

Section 5 of the Municipal Budget Law requires that all monies appropriated by the School District be stipulated in the budget on a "gross" basis, showing revenues from all sources as offsets to appropriations affected. It was noted during the course of our examination that CETA and Title IV Funds were expended without approval of the voters of the Holderness School District.

We understand that the officials of the School District were unaware of this requirement and it is their intention to comply in the future.

Manifest Signatures:

More than half of the payroll and vendor manifests authorizing the School District to expend monies were signed by one member only, or on several occasions, by none of the member of the School Board.

Signatures of at least two of the three members of the School Board are required before any funds may be expended.

School Lunch Program:

R.S.A. 197:23-a Treasurer’s Duties, states in part, “The treasurer shall have custody of all moneys belonging to the district and shall pay out the same only upon orders of the school board...”

At the present time, School Lunch Funds are still maintained in the custody of the School Principal. Funds received from the sale of meals and milk, as well as federal reimbursement funds received through the School District, are deposited by the School Principal. Disbursements for vendors and payrolls are made without the Treasurer’s knowledge and without the approval of the School Board.

It is recommended that the School Lunch Funds be returned to the custody of the School District Treasurer in accordance with the above statute.

Conclusion:

The provisions of Chapter 71-A, Section 21, require that the auditor’s summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the School District. Publication of the Exhibits contained in this report is optional at the discretion of the School Board. This letter, however, must be published in its entirety.

We extend our thanks to the officials and employees of the Holderness School District for their cooperation during the course of this audit.

REPORT FROM SUPERINTENDENT'S OFFICE

Many parents think their child's intelligence is something that is fixed at birth and cannot be changed. This is simply not true. It has been said that this is one of the most important educational discoveries of the twentieth century. A child's level of intelligence is determined in much the same way as his strength. When children eat well and exercise their muscles, they grow strong and develop fully. With proper food and proper exercise, the brain also develops fully. How can parents help their children develop their intelligence?

At this point someone may be thinking: "Why parents?" Recently psychologists and educators have begun to realize how important the years before school entrance are for the development of a child's ability to learn. It is widely believed now that most of the child's basic intelligence has been formed by the time he reaches school age. This, of course, does not mean that by the time he is six years old, he has learned most of what he will know as an adult. What it means is that most of a child's ability to learn quickly and with ease has developed by the time he reaches school age. The people who are in the best position to supply these important experiences and exercises are the child's parents.

Two important ideas will be shared before specific activities and exercises are discussed. First, as parents, we are our children's first teachers. We help them form their attitudes toward learning, and it is vital to make their earliest experiences positive and pleasant ones. The second is that it is important to remember a young child has a short attention span; he/she is not able to concentrate on one activity for long periods of time.

The following represents a few suggestions that parents can use with children:

Listen to your child. Encourage him to ask questions, discuss ideas, and tell stories.

Play games, especially those that have educational value, like number games, guessing games, word games.

Teach your child about numbers, and explain that numbers mean "how many". A child who can count to ten does not necessarily understand numbers. The concept of each number must be taught.

Help your child learn to carry out simple projects and activities. Perseverance is a key to success in school and throughout life. It gives a child a feeling of accomplishment and builds self-confidence.

Training in chores at home, and training in understanding and following simple directions will help your child know what will be expected in the classroom. Set a good example. If you are interested in learning, your child probably will be too. For example: set a family reading time or some other organized learning activity and share experiences.

Your child learns in many places and in many ways. School, of course, is a major source of your child's learning, but learning at home is vital to your child's development. As a parent, you have an opportunity to make an enormous difference in how much and how well your child learns. **You are your child's most important teacher**, and valuable partner of your child's teacher's in school.

Respectfully submitted,
Donald H. Cosgrove, Superintendent
Daniel A. Cabral,
Assistant Superintendent

REPORT OF THE PRINCIPAL

We have experienced some personnel changes this year. Miss Maureen O'Neill is our new resource room teacher. Miss O'Neill has her MEd. degree from Boston State College and has taught in Massachusetts as well as the Philippines and Korea. Mr. Richard Jaillet is teaching science in Grades 5-8. Mr. Jaillet has his BEd. degree from the University of Connecticut and has taught in that state as well as New Hampshire. Mrs. Eleanor Clark joined our faculty as our mathematics teacher in Grades 5-8. Mrs. Clark has a BEd. degree from Plymouth State College and has several years of teaching experience in New Hampshire. Miss Ann Nagl is teaching music to Grades K-8 this year. The program includes general music as well as band and guitar. Miss Nagl has her BEd. degree from Plymouth State College.

We are continuing our efforts to update our curriculum as resources and time permit. Our reading program was revised last year, and students have been working with our new materials since September. A faculty committee is presently studying our language arts program and their analysis will result in the adoption of some new materials for the 1980-81 school year. In October and November of this school year, classroom teachers attended a series of workshops to learn a finger calculation method for mathematics called **Chisanbop**. During the past two months this system has been introduced to students and their understanding of math is being enhanced as a result. As part of an effort to make our program as relevant as possible, our faculty, during one of our in-service afternoons, organized a special "Energy Week" in November. We C.A.N. (Conservation, Awareness, and Next, planning for the future) became the slogan for the week, and students developed a better understanding of the complexities of this problem.

A large public building such as Holderness Central consumes a great deal of energy, and we are doing everything in our power to conserve. We had the Governor's Council on Energy perform a School Energy Audit for us last year, and the basic operations and maintenance recommendations that they made have been completed. Our fuel consumption records for the last three years show a steady decrease in fuel consumption, but much can still be done to make us even more efficient. Unfortunately, the initial expense for these capital improvements is significant, although the improvements will pay for themselves in energy cost savings in 5-7 years. The Federal government has advised us that matching funds will be possibly available for these capital projects, and we are presently attempting to complete the necessary application forms to insure that we will be considered for whatever funds are actually available.

As was indicated in last year's Principal's Report, we do have additional personnel needs. Our most pressing one is for a speech therapist to be here two days per week instead of the present one. This service is needed in order to provide therapy for those youngsters who need it twice per week in addition to those who are on the waiting list.

We have a school system to be proud of. Both faculty and administration have worked hard during the last several years to develop a balanced, comprehensive program. The opportunities are there, for those students who apply themselves, to be well prepared for a secondary education at either a public or private school.

I want to express my appreciation to our faculty and staff for their conscientious and tireless efforts on behalf of the children in Holderness. It is their dedication that is so important. All of us are appreciative of the support we have received from students, school board, and our community in general. By continuing to work together, we will maintain and improve what we have worked so hard for.

Respectfully submitted,
Robert C. Eames, Principal

SCHOOL HEALTH SERVICES REPORT 1978-1979

The school year 1978-79 was again relatively uneventful. Our absenteeism hovered at or below the 10% mark, with our highest days reflecting severe weather conditions rather than epidemics.

Dr. Craig performed Health Screenings on 60 of our 4th and 7th graders and those participating in interscholastic sports.

Routine health examinations included 102 vision tests, 83 hearing tests and 450 headchecks. 153 youngsters were weighed and measured. Minor accidents and 'complaints' totalled 860.

45 students in grades K through 2 attended dental clinic for prophylaxis and fluoride treatment by Mrs. Olive Staples, R.DH. 6 children received more extensive dental care in The Matching Funds Dental Program with Dr. Birkitt of Plymouth, funded by a town appropriation matched by the State. The Federal income guidelines are used to determine eligibility for this clinic. There were 33 home visits made by the school nurse; 20 of these were for preschool readiness screening.

The immunization surveys continue in an effort to see that our school community is fully immunized. For the most part, parental response has been excellent and the majority of our children have had their recommended 4 DPTs, 4 Polio, measles, mumps and rubella 'shots'. All parents are reminded of the free immunization clinics offered by the Pemi-Baker Home Health Agency in Plymouth. We urge you to check your teenagers' immunization status. This is the group that is currently most vulnerable and least apt to meet minimum immunization standards.

We appreciate the cooperation and support of all school personnel, parents and community in carrying out our health programs.

Respectfully submitted,
Mary Richards, R.N.

REPORT OF SCHOOL DISTRICT TREASURER FOR THE FISCAL YEAR JULY 1, 1978 TO JUNE 30, 1979

SUMMARY

Cash on Hand July 1, 1977 (Treasurer's bank balance)	\$	953.95
